

**TRUNKLINE GAS**  
An ENERGY TRANSFER Company

1300 Main St  
Houston, TX 77002  
Phone: (713) 989-7000  
Website: www.energytransfer.com

Energy Transfer is engaged primarily in the transportation, storage, gathering, processing, compression and treating of natural gas and the transportation, fractionation and storage of natural gas liquids (NGL). Energy Transfer, a Texas-based energy company founded in 1995 as a small intrastate natural gas pipeline company, is now one of the country's fastest-growing natural gas and natural gas liquids transportation companies. We own and operate a diversified portfolio of energy assets, including approximately 62,000 miles of midstream, intrastate and interstate natural gas and NGL pipelines.

- Intrastate Transportation and Storage Operations – approximately 8,300 miles of natural gas pipelines and three storage facilities
- Through our interstate transportation and storage segment, we operate approximately 18,000 miles of interstate natural gas pipeline.
- Midstream Operations – approximately 33,000 miles of natural gas gathering pipelines and more than 60 processing, treating and conditioning plants.
- Through our NGL transportation and services segment we operate approximately 2,300 miles of NGL pipelines, three processing plants, four fractionation facilities and NGL storage facilities with aggregate working storage capacity of approximately 53 million Bbls.

**Trunkline Gas Company** operates a 3,500-mile pipeline system with access to Gulf Coast supply sources which can deliver 1.5 Bcf/d of natural gas to Midwest and East Coast markets. Our Midwest customer base includes some of the nation's largest utility and industrial gas users in Chicago, Michigan, Memphis and St. Louis. We expanded our offshore Terrebonne system to provide 1.5 Bcf/d delivery capacity for offshore supplies to multiple onshore markets.
